

## KITA- keys

The inlet points for the pipeline-based waste collection system in Keski-Pasila can be opened with the KITA- key.

Each flat has received flat-specific KITA- keys at the time of moving in. The keys are coded for building-specific inlet points.

**KITA- keys can be likened to the other keys to the flat. You should handle them very carefully!**

### Ordering instructions for a new KITA- key:

If a resident's KITA- key is lost or the resident needs an additional key, **the new key must be ordered by the property manager via the HelpDesk.**

The new key is delivered to the property manager, who then delivers the key to the resident.

Information requested by the HelpDesk:

- Serial number of the lost key (*if available*) for cancellation
- Flat number and building
- Delivery address (*property management agency*) for the delivery of the new key.

The price for a new key is €25.

HelpDesk: +358 (0)20 711 8457 (Mon–Fri 8 a.m.–8 p.m., Sat 9 a.m.–6 p.m.)
